Editorial By ALEX. H. WASHBURN

WHILE in El Dorado Sunday your writer ran into some surprising information from J. S. Alphin, veteran Union county planter—who said that Union would raise more cotton this year than in 1934.

Henry C. Yerger to Be Honored for 50 Years as Teacher

At 76 He Is One of Nation's Most Distinguished Negro Educators

PROGRAM PLANNED

City of Hope Will Honor Negro Principal Here Thursday and Friday

A two-day observance of the 50th anniversary of the principalship of Henry C. Yerger, 76, one of Arkansas' outstanding negro educators, will be held here Thursday and Friday.

Appropriate ceremonies and programs are planned. High officials of the state educational system are listed for speeches, including W. E. Phipps, state commissioner of education.

Leo M. Favrot, field agent of the General Education Board, Richmond, Va., will also appear on the program.

Outstanding negro educators from Arkansas and Tennessee plan to be here. The first program will begin at 8 p. m. Thursday and will be held in Yerger high school. The second program will start at 2 o'clock Friday afternoon and will be held in Yerger auditorium. A football game between Hope and Texarkana negro teams will be played later in the day.

A reception honoring Yerger and his wife, Ella Yerger, who has taught school 45 years, will be held in the Shover street school beginning at 8 o'clock Friday night.

Born in Hempstead
Born in 1859 on a farm near Washington, Yerger came to Hope the first Monday in October, 1886, and started teaching school by accident. On that Monday he was on his way to Little Rock to attend Philander Smith college.

He was detained in Hope and was asked to take charge of the school, a one-room frame building with about 150 students. The school teacher at that time, John Wilson, negro, had resigned because an enraged negro school girl had whipped the teacher, causing much embarrassment, and his resignation.

Yerger taught all the classes, from the first through the sixth grade. He drew a salary then of \$45 per month. The school term was six months. Reading, writing and arithmetic, were the subjects. Yerger has been head of the negro schools here even since and was active in teaching until last year when he retired from the class room.

At that time the Hope School Board was composed of Captain C. A. Bridwell, president; Colonel John P. Hervey, A. A. Lee, El Jones and C. B. Woods. A sixth member was on the board, but Yerger was unable to recall the name Monday.

Enrollment Now 850
The one-room school with a single teacher had expanded into three schools with an enrollment of 850 students and a faculty of 17. Grades are taught from the first including the 12th. Besides the three Hope negro schools, Yerger heads Mt. Hebron, Haynes Chapel and Hopewell schools, located outside the city limits.

Yerger's achievements are many. He was the first negro educator in the

Italy Offers Compromise to League

Willing to Give Up Conquest Plan for Part of Area

Suggests League Mandate for Old Ethiopia—Italy Taking Other Provinces

THE LEAGUE ACTS

It Proceeds With Plans for "Financial Blockade" of Mussolini's Land

ROME, Italy.—(AP)—Premier Mussolini indicated his willingness Monday to overlook the League of Nations' "injustices" and to talk with France and Great Britain under the aegis of the League about peace in Ethiopia and Italy's needs in East Africa.

Government sources said a League mandate over the four provinces of ancient Ethiopia, with Italy in full possession of the most of the remainder of present-day Ethiopia, could solve the problem to the satisfaction of Italy, the League, France and Great Britain.

A "Financial Blockade"

GENEVA, Switzerland.—The financial isolation of Italy was, in effect, decreed Monday night (European time) by the League of Nations' plenary committee of 32 nations.

This committee—the League's big general staff for sanctions—formally approved the financial sanctions committee's program on loan and credit embargoes aimed at suffocating Premier Mussolini's war against Ethiopia. Two exemptions were included in the sanctions resolution as finally adopted—applying to religious and humanitarian projects.

Earlier in the day the League of Nations committee of 18 for "immediate sanctions" approved Monday a project for the financial blockade of Italy.

Only minor alterations were made in the text of the blockade resolution as submitted by the League's financial sanctions committee.

The proposal went to the general staff, the sanctions committee, representatives of all League states except Italy and Ethiopia, and it was anticipated a general financial blockade would be voted finally Monday night.

Boycott Against Italy
GENEVA, Switzerland.—(AP)—An extensive financial blockade of Italy was approved Sunday by the League of Nations' Financial Sanctions Committee.

After a five-hour discussion, the committee adopted the text of a resolution based on interdictions against Italian loans or credits approved Saturday.

Details of the report were not disclosed, and the text will not be published until after the program is approved Monday by the League committee "for immediate sanctions."

This decision, which League circles accepted as complete severance of financial relations with Mussolini's government, caused fears that applications of sanctions may lead not only to a new and more serious financial crisis but will also unleash a war threat on Europe.

Apprehension first was admitted in League circles when the subcommittee of the Committee on Financial Sanctions completed the draft of the resolution embodying the spe-

Brazil's Cotton Job Still Undone

Country Has Land and Climate, But Little Capacity for Hard Work

MEMPHIS, Tenn.—(AP)—Belief that Brazil's influence on the world cotton market has been "over emphasized" was expressed here Sunday by P. K. Norris, senior market specialist of the Bureau of Agricultural Economics.

Norris, who spent seven months in Brazil studying the country's agricultural conditions, was attending the A.A.A. hearing on the government's acreage adjustment program.

"We cannot laugh off Brazil as a cotton producing nation," he said. "They have the land and the climate, but they have to overcome the labor shortage and the well-known reputation of American cotton."

"There is no cause for alarm. The crop harvested last March was estimated at 1,000,000 bales but actual production figures were between 500,000 and 600,000 bales. There is no unemployment in Brazil. There is plenty of work to be done, but no one is in a hurry to do it."

LITTLE ROCK.—(AP)—State Health Officer Dr. W. B. Grayson lifted the Tucker Prison Farm spinal meningitis quarantine Monday, paving the way for the new automobile tag plant at the farm to begin operations.

ATLANTIC CITY, N. J.—(AP)—The American Federation of Labor convention voted unanimously Monday to fight for the 30-hour work week throughout American business and industry. We're going out of here and fight for this as we've never fought before," shouted William Green, federation president.

LITTLE ROCK.—(AP)—Mrs. R. L. Riggs, superintendent of the Arkansas School for the Deaf, died here Monday.

Arkadelphia Team Here on Tuesday

Bobcats to Play Benefit Game for Hope Band-boys Uniform Fund

The Hope High School football team will see action twice this week in games here Tuesday and Friday nights. The Bobcats will meet Arkadelphia Tuesday night. Texarkana will come here Friday.

The Arkadelphia game is sponsored by the Auxiliary of the Hope Boys band. All the proceeds, after expenses are deducted, will go to the band uniform fund. Tickets are on sale at Garner's Pressing shop, Front street.

The Arkadelphia game is looked on as an easy encounter for the Bobcats. Coach Hammons plans to give reserve players a chance to perform.

Kidnaper's Family Given Exoneration

Robinson's Wife and Father Acquitted by Federal Court Jury

LOUISVILLE, Ky.—(AP)—Mrs. Frances A. Robinson, wife of the fugitive Thomas H. Robinson, Jr., and her father-in-law, Thomas H. Robinson, Sr., were acquitted by a federal court jury Sunday of plotting and helping in the \$50,000 kidnapping of Mrs. Alice Speed Stoll, wealthy Louisville society matron.

The 24-year-old Mrs. Robinson burst into tears when the jury returned the verdict shortly before 11 a. m. Robinson, Sr., 63-year-old Nashville bridge engineer and father of the former insane asylum inmate hunted for the past year as the kidnaper, exclaimed, "Thank God." He wiped his forehead, shrugged, then smiled broadly.

Italian Minister Stays in Ethiopia

Believe Italians Have Promised Not to Bomb Addis Ababa From Air

ADDIS ABABA.—(AP)—Italy's envoy to Addis Ababa, facing virtual deportation, told the Associated Press Sunday "nothing will stop" Premier Mussolini from conquering Ethiopia.

While Luigi Visconti-Gigliesi, the minister, remained in the capital past Emperor Haile Selassie's last "deadline" for his departure, anti-aircraft guns were removed from the royal palace and the railway station, creating a belief Italy had agreed not to bomb Addis Ababa.

It was reported the government had learned through diplomatic channels that 11 nations had urged Du Couteau to refrain from such an air bombardment.

A special train still waited at the station to take the minister out of the country in Selassie's orders, but Visconti remained at the home of the emperor's son-in-law, Ras Resa Dintaw.

Visconti, after pleading that the Negus might at least permit him to await the arrival of his Magalo colleagues, became truculent Sunday.

Visconti's entire staff of Ethiopian guards Saturday marched to the palace and took an oath before the emperor to fight against the Italians. They were given new uniforms and rifles and enrolled in the national army.

A new record for passenger traffic was set by airlines operating in the United States in July, when 83,183 passengers were carried.

35 Cars Livestock Shipped From This County in Month

Prices in Line With Last Year—Up 50 Per Cent From "Low" of 1932

3 POINTS SHIPPING

Fulton, Hope, Washington Shipping Both by Railroad and Truck

Livestock shipments from Hempstead county to St. Louis markets are going forward at a greater pace than at any time in the past several years.

That was the opinion of leading livestock buyers in Hope Monday.

It was estimated that 35 carloads of cattle have been shipped from Hempstead within the past 30 days. One buyer said that he could not remember when livestock was moving as swiftly at present.

Only recently five carloads left Fulton in a single week. Hope and Washington are other principal shipping points. Besides carload shipments livestock is being trucked from this county to St. Louis.

The price for cattle is about in line with that of last year, ranging from \$2 to \$4 per hundred pounds to the farmer—an increase of 50 per cent or better over the "low" of 1932.

Shipments have been made all this year, with greater impetus in buying the past 30 days.

Mrs. C. C. Stuart Hurt in Accident

Breaks Left Arm When Automobile Overturns Near Alexandria, La.

ALEXANDRIA, La.—(AP)—Mrs. C. C. Stuart, of Washington, Ark., was treated in a hospital here Saturday for a broken arm said to have been received when the automobile in which she was riding overturned near Woodworth, La.

She left the hospital Sunday and went to the home of a relative at Selma, La.

Mr. Stuart told The Star over the telephone from the sheriff's office at Washington Monday afternoon that his wife was resting well with relatives in Louisiana and would be home Wednesday. Mrs. Stuart's left arm was broken in the accident.

Negroes Seized in Gambling Drives

More Than Dozen Arrested in Police Campaign Over the Week-End

More than a dozen negroes were arrested in a series of raids on gambling joints in Hope during the week-end.

Other than the raids, activity with the police department was limited. The arrest of two persons for drunkenness was the only other action reported.

Two raids were made on negro joints in the south side section of Hope. A third was on a negro pool hall, Front street.

Crap-shooting and "Funny Five," a card game, was in progress. Those held are:

Frank Smith, C. Douglas, Willie Witherspoon, John H. Nicholas, Ed Thomas, Roberts Moore, Ed Douglas, Willie Jackson, Milton McKennie, Otha Brantley, U. Williams, O. C. Knox, Frank Knoble, Buster Stinson.

Raiding officers were: Hugh Beard, Alton Shipp and Claude Stuart.

Ethiopians Attacking Armies Nos. 3 and 4 of the Italians

The map shows the five deep wedges which Italy is driving into Ethiopia.

Armies Nos. 3 and 4 are operating in Ogaden province. Monday's dispatches indicated that 160,000 Ethiopians are marching against army No. 4, expecting to outflank the main Italian force in the south, No. 3, which is driving along the British-Somaliland boundary toward Jijiga and Harar, en route to Ethiopia's only railroad line.

No. 1 is driving straight south from Dire Dawa through Adowa.

No. 2, also starting from Dire Dawa and based on Mt. Mussa Ali, cuts southwest and then swings south toward the important rail center of Dire Dawa.

The No. 5 army is penetrating southward along the western border of Ethiopia to cut off contact by the main caravan route from Khartoum to the Sudan.

U. S. Refuses to Consider It While Pending in California Courts

WASHINGTON.—(AP)—Thomas J. Mooney lost again Monday in his long effort to have the supreme court pass upon his conviction of participation in the 1916 San Francisco Preparedness day parade bombing.

The high court Monday refused to act prior to a decision by the California courts, where the case is now pending.

Trade Outlook Is Good, Says Labor

Only a General European War Could Cause Renewal of Panic in U. S.

WASHINGTON.—(AP)—Continued business improvement was forecast by the American Federation of Labor Sunday but it said "American industry has not succeeded in putting the unemployed to work."

"Industrial unemployment still exceeds 11,000,000 and is above last year," the federation said.

It coupled this "other side of the picture" with the statement that "prices are expected to rise slightly, tending to offset increases in workers' buying power unless wages are lifted, due to price increase this year, workers' buying power has been no higher than last year." The federation added:

"This fall's business pick-up indicates a reversion to the pre-depression type of business expansion, when business men increased production because they saw a chance for good profits, without considering whether a firm foundation of workers' buying power had been built to sustain it."

"Such expansion, when it greatly exceeds buying power, can only end in collapse, even if the downfall is postponed for several years."

The federation said there were 50 per cent more unemployed in America today than in all Europe where it reported a decline in the jobless army of Germany, France and England from 8,400,000 to 7,400,000 in the last year. On the business outlook, it said in its monthly survey:

"Business improvement, which began in August, has continued through September. Unless we have some such catastrophe as a general war in Europe, business forecasters are expecting business improvement with a gradual upward trend during the next six months. Increasing farm income and further increases in corporate profits are expected."

Court Commutes a Death Sentence

Modifies Fort Smith Penalty Because of Prosecutor's Remark

LITTLE ROCK.—(AP)—The Arkansas Supreme Court Monday affirmed the conviction but modified the penalty from death to a life sentence for George Hogan, 27, of Fort Smith, in an assault upon a 10-year-old girl.

The action resulted from what the court said was a prejudicial remark made by the prosecuting attorney in the presence of the jury trying Hogan, while defense counsel was arguing the case last last winter.

The case was the only criminal appeal to come before the court Monday.

'Liability Racket' Compromise Fails

Clark County Hoped to Persuade Insurance Companies to Return

LITTLE ROCK.—(AP)—The Arkansas Casualty & Surety Underwriters' association, meeting here Monday, took no action relative to Clark county's liability to obtain liability insurance on construction contracts.

The association, in a statement handed out following its monthly session, said in effect that the county must work out its own problems regarding insurance.

Had Expected Agreement
ARKADELPHIA, Ark.—(AP)—Secretary George Dewes of the Arkadelphia Chamber of Commerce said Sunday "the Chamber of Commerce is confident" that Clark county would not lose approved Public Works Administration projects because of liability insurance.

Dewes said that the problem of insurance for the projects "will be worked out with insurance companies," by the county, he declared. "We must get the attitude of the company and find a remedy."

The Chamber of Commerce secretary said letters had been sent to insurance companies in Little Rock and Dallas, Texas, asking their reasons for withdrawal from Clark county and their suggestions toward a remedy.

J. P. Womack, president of Henderson State Teachers College, which has a \$250,000 building program under way with PWA funds, said "we are at the mercy of the insurance companies. There is nothing we can do." He said grounds for the Henderson projects must be broken by November 1.

160,000 Approach Italy's Southern Column in Ogaden

First Major Battle of African War Looms on Eastern Plains

BATTLE FOR RAILS

Italians Driving From Either Side Toward the Railroad Line

ADDIS ABABA, Ethiopia.—(Copyright Associated Press)—An Ethiopian army of 160,000 warriors, led by Ras Desta Dintaw, son-in-law of Emperor Haile Selassie, hastened by forced marches across southwestern Ogaden province Monday for a flank attack on the southern Fascist forces.

The first major battle of the Italo-Ethiopian war, dwarfing into insignificance the capture by the Italians of Adowa on the northern front, is feared to be impending.

Covered by the British Somaliland frontier, the southern Italian army pointed its main drive toward Harar en route into the heart of Ethiopia.

Aksom Occupied

ADUWA, Ethiopia.—p. m. Sunday, copyright Associated Press)—Italy took the Ethiopian sacred city of Aksom Sunday without firing a shot, the de- gage, or governor, coming here and making his submission to General Maravigna of the Fascist northern forces.

All the warriors, who have been holding the city have vacated the area.

The fall of Aksom was originally reported Thursday, October 10. Today's Associated Press dispatches indicate that the decisive skirmish was fought several days earlier, leaving Sunday's occupation of the city as a mere formality.

Ethiopians on March

DJIBOUTI, French Somaliland.—(AP)—A large army of 200,000 Ethiopians bent upon battle, were moving in forced marches over the week-end against a sector in Ogaden province where 15,000 Italians were massed last week.

As the Ethiopians, under the command of Ras Desta Dintaw, son-in-law of Emperor Haile Selassie, hurried to attack the left flank of the invaders to prevent the fall of Harar it was reported by Ethiopians here that there had been at least 10,000 Ethiopian casualties by gas and other bombs. They asserted the entire civil population was killed in the town of Damot, which was destroyed with its seven mosques. The gas, allegedly being used by the Italians is chlorine, they said.

The advancing Italian forces are making their main drive covered by the British Somaliland frontier, and the Ethiopians will attempt to turn their flank in a desolate waterless region where they believe the Italians will easily be overcome by a preponderant force of tribesmen.

Ras Desta's troops, numbering 160,000, have been concentrated in the lowlands near the Webbe Shebeli river awaiting word for a swift advance.

Led by Dintaw

At the expected battle, expected momentarily by some observers, these forces will join with 60,000 irregulars led by the Dutch Colonial Siwak, owner of an estate at Mollaba a few miles within the southern frontier of Italian Somaliland.

Colonel Siwak, angered at difficulties with local Italian authorities, decided to take active service with the Ethiopians.

Italy Optimistic

ROME, Italy.—(AP)—Benito Mussolini's war without a real battle has strengthened hopes for a relatively peaceful settlement, and a high official told the Associated Press:

"By the end of November I believe there can be useful conversations."

War with Ethiopia was only in its eleventh day, with four days of moderate fighting, but Italy already felt herself mistress of the whole Tigre province.

Adowa, where an Italian army was all but defeated in 1896, flew the Italian flag. Gen. Emilio de Bono, commander of Italian Colonial forces, went there Sunday to consecrate victory by dedicating a monument to the dead of that disastrous defeat.

The city, taken by Italians a week ago, was brilliant with flags and the streets were decorated with blossoms and triumphal arches as he entered the city.

General de Bono attended a religious ceremony and then presided at the dedication of a monument to the memory of those who died in the Italian defeat of 1896.

The monument carried this inscription: "To the dead of Adowa, avenged at last."

After the ceremony, the general received native chiefs.

Ethiopians Join Italy

Reports from Adigat said another column of about 1,000 Ethiopian warriors had presented themselves at the Italian line, following the desertion to Italy of Degiac Haile Selassie Gusa. Their chief was said to have made

Music
Music is a thing of the soul—roselipped shell that murmurs of the eternal sea—a strange bird singing the songs of another shore. A velvet-flute note fell down pleasantly. Upon the bosom of that harmony, And sailed and sailed incessantly. As of a petal from a wild-rose blown Had fluttered down upon that pool of love, And boatwise dropped o'er the convex side. And floated down the glossy tide And clarified and glorified. The solemn space where the shadows bide. From the warm conceals of that fluted note. Somewhat, half song, half of our forth did float. As if a rose might somehow be a threat.—Sidney Lanier.

The Friday Music club opened the season's activities with a most delightful Tea, in observance of President's day on Friday afternoon at the home of Mrs. R. M. LaGrone. District president of the Arkansas Federated Music Clubs. For the occasion the entire lower floor of the spacious LaGrone home was aglow with a quantity of beautifully arranged late summer and early fall flowers; in the library, shades of yellow prevailed in snapdragons and yellow cosmos. In the reception suite, dainty Queen's Wreath and pink Radiance roses shed their beauty and fragrance from every point of vantage. The guests were received at the door by Mrs. W. Y. Foster, Mrs. Fred R. Harrison and Mrs. Edwin Stewart. They were presented to the hostess, Mrs. R. M. LaGrone and the president of the Friday Music club, Mrs. J. C. Carlton, and were seated by Mrs. John Wellborn, Mrs. R. T. White and Mrs. C. C. McNeill. Mrs. J. O. Milam and other members of the Friday Music club. Mrs. W. Y. Foster, vice president of the club presided and introduced Mrs. J. C. Carlton, president, who, in her splendid inaugural address told of the past accomplishments of the Friday Music club, and asked for the co-operation of the members in doing bigger and

better things during the coming club year. Mrs. John Wellborn, Choral director of the club was introduced as program chairman. Mrs. Wellborn in a short speech presented Mrs. Fred Marshall and Mrs. Esther Wills Wood of the Texarkana Music club, and Miss Dorothy DeLoach, pianist and Miss Marion Roebuck, violinist also of Texarkana. Miss DeLoach opened the program with a Prelude and Fugue by Bach, followed by two intermezzi by Brahms. Miss Roebuck sang "Still Wie Du Mecht," by Bohn, and "Juilet" by Wilfrid Sanderson, followed by "Dearest," by Sidney Homer. Miss DeLoach's closing number was Tarentelle by Liszt and Miss Roebuck gave the beautiful aria from La Fagorita. The club is under deep obligations to Texarkana for the loan of two such splendid musicians; their numbers were beautiful and perfectly rendered. Mrs. Marshall in behalf of the Texarkana Music club extended the Friday Music club an invitation to be guests of the Texarkana club on Wednesday November 13, and expressed pleasure and appreciation for the entertainment of the afternoon and the renewing of affiliations with old friends. The Junior Music club and the Madrigals, who are being sponsored by the Friday Music club were introduced as guests, as were also three members of the Choral club, who were dressed in their period costumes they will wear when the Choral club will sing at the meeting of the national convention of the Daughters of the Confederacy meeting in Hot Springs in November. Following the program the guests were invited to the dining room where Mrs. L. A. Foster and Mrs. Sid Henry presided. At the lace covered tea table, which was centered with a huge bowl of pink Radiance roses and Queen's Wreath and baby breath, flanked by pink tapers in silver holders. Further assisting in the dining room were: Mrs. J. O. Milam, Miss Harriet Story, Miss Mary Louise Keith, Mrs. Dick Watkins and Miss Joy O'Neal.

The wedding of Miss Josephine Cannon, youngest daughter of Dr. and Mrs. George Emmett Cannon and Charles Burton Welch, son of Mr. and Mrs. B. S. Welch of Arkadelphia was solemnized at 8 o'clock Sunday morning at the home of the bride's parents, with the Rev. Wallace R. Rogers, pastor of the First Baptist church reading the impressive double ring ceremony, before an improvised altar of dahlias, marigolds and roses, in the presence of relatives and close friends. The bride wore a modish gown of light brown cloth, with fur trimming in darker brown, with the dark brown accessories. Her flowers were Premier roses. Her bridesmaids left by motor for a honeymoon in Houston and Galveston, Texas. After October 20, they will be at home in Arkadelphia, where the bridegroom is engaged in business. They are both graduates of the 1935 class of Ouachita college, and Mrs. Welch is an accomplished violinist. Out-of-town guests for the wedding were Mr. and Mrs. B. S. Welch, parents of the groom, Mrs. Sybil Welch, Nobel Welch, Mr. and Mrs. Rufus Neill, Mr. and Mrs. M. M. Vick, Misses Rebecca Harvelson and Dorothy Young and Beatrice Johnson and Dexter Criner, all of Arkadelphia; Miss Bernice McCarroll of Walnut Ridge and Mr. and Mrs. Monroe Seagins and sons of Texarkana.

Mrs. Sam Betts entertained with a delightful birthday party at her home on East Division street in honor of the 16th birthday of her sister, Marie Barnes. After a series of favorite games the hostess assisted by Mrs. Jack Hutchinson and Mrs. John Odell, served a delightful ice course to the following guests: Misses Maxine, Eugenia Kesner, Mildred, Hattie Mae Britton, Abbie Hutchins, Mary Taylor, Mildred Gray, Ruth Gully, Margaret Wigg, Regina Boswe, Maggie Simmons, Ellen Sprague, and Foster Young, Guy Dawning, Cecil Sprague, Eual Ward and R. J. Acons. The honoree was presented with many lovely gifts.

Mrs. A. C. Ramsey and daughter, Miss Wirta Bell were Sunday guests of Dr. and Mrs. W. G. Allison, en route to their home in Terrell, Texas, from a visit with friends in Nashville.

Week-End Motor Death List Is 130

Georgia Leads Nation With 17 Killed in Highway Accidents

By the Associated Press
Auto accidents killed more than 130 persons over the week-end, partial reports from 36 states showed.

Scores more were injured, some with scant hope of survival.

Twenty-five were hurt in Connecticut when a bus hit the collision wreckage of two trucks.

As holiday trips were marred by tragedy in scores of communities, 34 state vehicle administrators, in convention at Chicago, endorsed proposals that the federal government step in to regulate trucks and busses and urged uniform national rules to making roadways safe.

The incomplete death toll of the week-end, by states:

Georgia, 17; Illinois and Ohio, 13 each; Pennsylvania, nine; California, seven; New York, six; Maine and Maryland, five each; Louisiana, Michigan and Tennessee, four each; Massachusetts, Mississippi, North Carolina, Oklahoma, Minnesota, Montana, New Hampshire, New Jersey, South Carolina, Virginia, and Wyoming, two each; Alabama, Arkansas, Colorado, Florida, Iowa, Kansas, Missouri, Nebraska, Oregon, Utah, Vermont and Wisconsin, one each.

Sister MARY'S KITCHEN

You ought to have heard them. You'd have thought it was at least the Ethiopian situation or the latest roomful of women had worked themselves into a perfect lather about how easy it is nowadays to make a perfect cake frosting!

No wonder—when you think how it used to be a matter completely of happenstance when one turned out all right.

Just what is a perfect frosting? First of all there's flavor, obtained by fine materials, but also a perfect blending of the frosting with the cake.

Second is texture. The frosting must feel fine-grained and creamy on the tongue. Furthermore the perfect

Tomorrow's Menu

Luncheon: Baked rice and cheese, pop-overs, carrot salad, milk, tea.
Dinner: Stuffed baked white-fish, spinach timbales, baked squash, frozen peach salad, chocolate peppermint cake, milk, coffee.

frosting must hold its shape, have a glossy appearance, remain moist on standing and cut without cracking.

The surest and simplest method of getting a delectable frosting, the women agreed, is to use light corn syrup with the sugar. The corn syrup gives no flavor, but makes and keeps the frosting soft and smooth. Be sure to measure accurately, however, for too much syrup makes for gumminess.

The length of time for cooking or the temperature of the frosting syrup is another important point in the making of frostings. Sugar-cookery thermometers are a decided help for the making of uniformly perfect all guesswork as to whether the syrup is cooked enough.

When you plan a cake dessert the rest of the meal should be low in starch and sugar. Unless you keep this in mind it's only too easy to let dinner lose its balance. A menu built around baked or broiled fish with spinach timbale, buttered carrots and fruit salad finishes nicely with cake.

Chocolate Peppermint Cake
Two cups sifted cake flour, 1 teaspoon salt, 1-3 cup butter or other shortening, 1 1/4 cups granulated sugar, 1 egg, 3 squares baking chocolate, 1/2 cup rich sour cream, 3/4 cup milk, 1 teaspoon vanilla, 1 teaspoon soda.

Sift flour once, measure and add soda and salt and sift three times. Cream butter, slowly add sugar and cream thoroughly. Add egg, unbeaten, and beat hard. Add chocolate which has been melted over hot water and mix well. Add about 1/4 the flour, beat well and beat in sour cream. Add remaining flour alternately with milk, beating until smooth after each addition. Add vanilla and turn into two oiled and floured 9-inch layer pans and bake in a moderate oven (350 degrees F.) for thirty minutes. Spread peppermint frosting between layers and on top and sides of cake. Decorate with a 1-inch border of chocolate flakes.

GLORIFYING YOURSELF

By Alicia Hart

Three Beauty Problems Are Most Common.

"How can I reduce quickly? What can I do to get rid of dandruff? Please give me advice about clarifying my skin." These are the problems that seem to bother the majority of women who write to a beauty editor these days.

To the first, there is one answer. You shouldn't try to reduce quickly. After all, it took months to put on the extra flesh and it's really dangerous to set out to get rid of it in a few weeks. Don't attempt to lose more than one pound a week. Cut down on starches and sweets, substituting fresh vegetables and fruit for them, eat smaller portions of everything, drink eight glasses of water a day and do exercise. You simply must exercise.

Eliminating dandruff takes time and trouble, too. You must brush your scalp and hair each night and wash the hairbrush after each treatment, especially made not only to dissolve the white flakes but to remove them permanently, and massage it into your scalp daily. Remember that balsam oil shampoos are recommended by a good many excellent hairdressers. The oil should be rubbed on scalp and in hair and rinsed out with quite warm water. If you like, you can wash a second time with a regular soap shampoo liquid. If possible, dry your hair in the sunshine.

The third problem, particularly if it is chronic, should be taken up with family doctor. If it is slight and blenishes occur infrequently, the chances are that eight glasses of water a day, eight hours sleep a night, and a sensible diet will do the trick.

6 drops oil of peppermint.
Put egg whites, water, sugar and corn syrup in top of double boiler and beat with a rotary beater until thoroughly mixed. Place over rapidly boiling water, beat constantly with rotary beater and cook seven minutes or until frosting will stand up in peaks. Add coloring to give a delicate shell pink—a tiny speck of coloring on the end of a knife or a few drops of liquid coloring will be enough. Remove from fire and beat until thick enough to spread. Beat in peppermint just before spreading on cake. While frosting is still soft sprinkle chocolate flakes around the border.

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

state to establish an annual training course for negro teachers. The course was started in 1935, and is taught here every summer by Yerger. The training school compares favorably with a course at Arkansas M. & N. Pine Bluff negro college.

In 1911 the home economics department was established here by Yerger. In 1931 the vocational department was added to subjects, mainly through efforts of Yerger. Six years ago Yerger High School was given an A-rating among negro schools of the state. Only 13 schools are at present on the A list.

Although Yerger attended college, he never received a degree. He is the father of five children, three daughters and two sons, all of whom have been educated and who hold degrees from college.

Yerger said Monday that he had never asked for a job in his life. He took every the school here when asked, and every year he has been urged to continue as its head.

"I never made any money out of teaching school. But I like the work. At the opening of school here one year I had offers from seven different negro schools in the state, but turned them all down because I like Hope and its people," Yerger said.

He has served two terms as president of the Arkansas Negro Teachers association, and for the past 10 years has acted as treasurer.

Asked when he would retire from school work, Yerger smiled and said, "I hope to be here 50 years longer."

Joan Crawford Is Married to Tone

Film Stars United in Ceremony Last Friday, Jersey Mayor Announces

ENGLEWOOD CLIFFS, N. J.—(P)—Mayor Herbert Jenkins disclosed Sunday night that he married Franchot Tone and Joan Crawford, film stars, at his home Friday.

Mayor Jenkins said the couple married to Englewood Cliffs from New York on Friday morning. The mayor said the wedding was a "simple one" but declined to give details.

Jenkins declined to say where the license was obtained. New Jersey law requires that a ceremony may not be performed until three days after the license is granted.

The new Mrs. Tone is the former Mrs. Douglas Fairbanks Jr. Tone and Miss Crawford came to the East from Hollywood recently, and their marriage has been rumored for some time.

If clear he did not want to be regarded as a prisoner of war, but desired to carry arms. His troops were reported to have brought new Belgian rifles with them and carried belts of French cartridges of 1935 manufacture.

The chief was quoted as informing the Italians that a big Ethiopian army under the crown prince was concentrated from Sekota to Amba Amaji, about 120 miles south of the Italian front.

Complete conquest of Ethiopia is the Duce's program. But there were many indications that something less will satisfy him.

In official circles the usual suggestion was that Italy must have a protectorate over the four old provinces of ancient Ethiopia and full possession of the remainder.

ific measures of action against Italy. The parent committee examined it at a later meeting.

Particularly the severance of trade relations with Italy gave many minds in Geneva these anxieties:

1.—Fear that Europe's economic structure, after a stupendous crisis which has only just begun to show signs of improvement, will be plunged into a chaos far more serious than the original crisis.

2.—Fear that Austria, Hungary and Albania will refuse to participate in the sanctions and that the movement of materials and merchandise from and through neutral countries to Italy

Colonel Roosevelt

(Continued from page one)

Idaho senator, Colonel Roosevelt in effect displayed disinclination to lift up the "big stick" wielded with historic effect by his father.

The young "T. R." expressed "entire sympathy" with Senator Borah's attitude toward monopolies in industry, but disagreed with the senator that business monopoly shaped up as the major issue of the 1936 campaign.

Overshadowing this issue, he wrote, were those of "scandalous waste of the people's money, government extravagance, multitudinous taxes, and attempts that are being made to subject our type of government."

"I want you to know," he wrote, "that while I am in entire sympathy with your attitude on monopolies, I feel that there are many other issues as great or greater."

How Women Get Two-Fold Benefit By Taking Cardui

According to reports from thousands who have taken it, Cardui helps women in a two-fold manner, affording prompt relief of certain functional pains and strengthening the system by increasing the appetite and improving digestion.

"It like Cardui because it helped me," writes Mrs. Obie C. Rafferty, of Cammelleville, Ky. "I suffered pain and was nervous and needed strength. I have taken Cardui and have been benefited. I have taken it two or three times. I can tell, when I am taking Cardui, that I have a much better appetite."

Before the next monthly upset, begin taking Cardui. Of course, if it does not benefit YOU, consult a physician.
